Terms and conditions

Services

Bytewerk Studio develops custom software, web and app solutions as well as digital products. Specific services, dates and remuneration are agreed per project.

Digital products

The shop presents the apps, games and digital products of Bytewerk Studio. Paid products are ordered by email and processed via PayPal. This website processes no payment data.

Developer subscription

The developer subscription is available in the monthly plans Sandbox, Pro and Team described on the developers page. All prices are plus VAT. Monthly plans can be cancelled at any time with effect from the end of the billing period. Yearly billing corresponds to ten monthly payments.
Limits are soft: requests above the plan quota are answered with HTTP 429 and are never billed silently.

Use of content

All content, designs and software examples are protected by copyright. Rights of use are granted only to the agreed extent.

Support

Support and maintenance are arranged separately per project. For enquiries you reach Bytewerk Studio by email.
